

# SOUND DETERRENENTS

Distress call devices, like our BirdGard Pro, mimic the bird's natural audible sounds. Birds relay chirps about dangerous situations to the rest of the flock through use of distress cries; these electronic bird repellers broadcast a copy of this distress cry to scare the flock away. Since these sounds are species specific, you must buy the correct distress call for the type of birds you are handling.

## BIRDGARD PRO

A programmable electronic repeller that uses a variety of species specific distress signals and predator calls to send a "danger" alert to other birds in the area. All units have on-off and volume control, a "time-off" phase between sounds and a day-night 24 hour switch. Ideal for spot dispersal of flocking birds in small areas. Plugs into 110 volt power outlet. Available in two models.

# WATER HARASSMENT

**How it Works:** The Spray Away Elite Motion Detector Sprinkler Animal Repellent is a water-based repellent that works by detecting an animal's heat and movement with infrared sensors. Once detected, the system releases a sudden burst of water to scare the animal away. An adjustable sensitivity detector and random spray pattern prevent animals from growing accustomed to the sprinkler.

## SPRAY AWAY HYDRO- REMOTE BIRD & ANIMAL SPRINKLER

Chase or harass birds and other pests with a quick blast of water. Protect ponds, lawns, rooftops, pool decks and other challenging settings.

- Remote-control features can be used up to **100 feet** away from unit
- Dual purpose **motion-activated sprinkler** designed to protect yard from nuisance animals OR water your garden
- **Watering feature** can be set to 15, 30, or 60 minute timer
- Infrared **sensor detects animal's heat & movement** activating sprinkler
- Protects up to **1,900 square feet** of gardens, yards and ponds

### ZON SCARE GUN · Model A or Model B

Fully automatic, ground mounted, simple, practical, effective, rotates 360 degrees.

- Telescoping/adjustable megaphone.
- Powered by economical propane.
- 125 decibel blast volume.
- 17,000 blasts per propane tank.
- (Propane tank not included.)

### Standard Zon Gun (ea.) · SD-ZN10

### ZON SCARE GUN TIMER

Use the Automatic Timer to customize the start/stop time of your propane cannon. Compatible with Zon Mark 4 and Zon Mark 2 Cannons. One AA battery will power the Zon timer for an entire season.

### Timer for Zon Gun (ea.) · SD-ZN25

### ZON SCARE GUN TRIPOD

4 feet high.

### Tripod for Zon Gun (ea.) · SD-ZN25
